What will it take for Australia to accept the NZ deal ?
What will happen to those in PNG if we don't ?

Dear Prime Minister,

I write to implore you to please accept the NZ Refugee offer. The current Australian response does not show mercy, justice or compassion. Leaving Asylum Seekers in PNG is also not respectful of PNG as they do not have the resources to support them appropriately. I ask you to please respond to these two pressing questions:

1) What will it take to get Asylum Seekers in PNG to New Zealand? and
2) What is the Government's plan for Asylum Seekers in PNG who do not go to the USA?

Sincerely,
