

**For most Australians
Christmas is a time with family
but...**

A woman with blonde hair, looking distressed, is holding a white sign with black text. She is surrounded by a crowd of people, some wearing Australian flags. The background is slightly out of focus, showing more people and what appears to be a public gathering or protest.

We haven't seen
our children for 7
years.
Please understand
us!!!

**not for refugees on
temporary protection visas**
